For this section fair tonight. Thursday increasing cloudiness, probably rain, warmer, light variable winds, becoming southeasterly.

POLICEMAN SUSPENDED.

The Board of Police Commissioners held a special meeting last night at which time they reviewed the action of Mayor Paff in imposing a fine of \$5 on Policeman Henderson, who was recently charged with failure to report the finding of a grinding stone, alleged to have been stolen from the city jail. The commissioners suspended the policeman for sixty days.

It has been observed by a number of persons today that the legality of the action of the commissioners in suspending Officer Henderson is liable to be questioned if a decision of Judge James Keith rendered in 1897 is to be taken into consideration. The Mayor at that time differed with the commissioners on certain issues, and they were referred to Judge Keith who was to act as arbitrator. The judge ruled that, in accordance with the wording of the charter, the Mayor could suspend, and the commissioners could review his action and set it as he, but that the board could dismiss a member of the force, though it could not suspend him.

DIED FROM HIS INJURIES.

Fireman C. E. Ehart, twenty-two years of age, who was injured by the overturning of a locomotive at Bealeton, on the Southern Railway, yesterday morning, died at 7 o'clock last night at his home at Charlottesville. He was injured internally. Conductor H. C. Lewis, of this city, who sustained a fracture of his arm, returned to his home in this city yesterday evening. Engineer Robert Newman, in charge of the engine, escaped injury. At the time of the accident the engine was running backward, and it is said that it was proceeding to Remington, four miles distant, for the purpose of assisting another engine of train No. 38 northbound, which had jumped the rails. The tender led the rails, causing the engine to be derailed. Mr. Ehart boarded at Mrs. Johnson's, 1001 Duke street. He was unmarried.

POLICE COURT.

[Justice H. B. Eaton presiding.] The following cases were disposed of today:

Edward Travers, charged with assaulting his wife, was fined \$10.
Edward Davis, colored, charged with disorderly conduct, was fined \$10.
James Miller, colored, suspected of breaking and entering the residence of Charles Flood, was dismissed.
Abram Sykes, colored, charged with larceny, was detained.
Henry Payne, charged with defrauding Mrs. Lucy McClary out of an \$80 bond bill and for abusive language was sent to jail for 60 days.
A young white man, charged with being drunk in the street, was fined \$10.

MISSING BOY FOUND.

The three-year-old son of Mr. W. V. Varney, living at Del Ray, disappeared from his home at that place this morning. His anxious parents made diligent search in the neighborhood, but his whereabouts could not be ascertained. It being supposed that he had boarded an electric train, and had been carried to Washington or Alexandria, the train crews were interviewed, but no one could give any information concerning him. The police of the two cities were notified. Later in the day the little boy was found amusing himself in a neighbor's green house.

REMOVED HIS CLOTHING.

Among the prisoners in the station house last night was a young mulatto man named Abram Sykes, who had been arrested on suspicion of larceny. After having been placed in a cell Sykes proceeded to remove every vestige of clothing, and stood in one corner in a state of nature. Attempts were made by the officers to make him don his apparel, but he refused to do so, and he passed the night in a nude condition. Sykes will be held in order that an examination may be made into his mental condition.

YOUNG MEN'S SENATE.

At the meeting of the Young Men's Senate held last night in the Young People's Building after a lively debate lasting two hours, it was decided by a vote of 23 to 10 in favor of the city paying the Alexandria Light Infantry their gas bill, \$140. Mr. George Apple took the affirmative side of the question. It was also decided to hold an open session of the Senate Thursday evening, April 2.

FAYETTE STREET.

Steps preliminary to the improvement of Fayette street are now in progress. The Washington-Southern Railway Company is now removing the track on the west side of the street near Duke. This will leave but one track on that square. The track which is being taken up runs almost up to the curbstone at the northwest corner of Duke and Fayette streets. The thoroughfare will be improved from Duke to Princess street.

DEMOCRATIC COMMITTEE.

Mr. Charles Bendheim, chairman of the city democratic committee, has called a meeting of that organization for tomorrow night at 8 o'clock. The meeting will be held at the Opera House Cafe.

A dispatch from London says Premier Sir Henry Campbell-Bannerman has developed a serious case of dropsy. His friends have abandoned all hope.

With Chairman Taggart again at the helm, after defeating his enemies in last night's primaries, the Indiana democratic State committee met in Indianapolis today.

Caleb Powers has been taken dangerously ill in jail, in Georgetown, Ky. Friends and relatives are not admitted to see him. He is threatened with typhoid fever.

Ex-Gov. John Walter Smith, already elected a member of the United States Senate, was yesterday chosen to fill out the unexpired term of the late William Pinkney Whyte.

The largest attendance ever assembled for any democratic State convention gathered at Grand Forks, N. D., today. Wm. J. Bryan was endorsed for President, and Gov. Burke for another term.

John W. Stewart, of Middlebury, Vt., former governor of Vermont, was appointed to the United States Senate by Governor Proctor yesterday to fill the vacancy created by the recent death of Senator Redfield Proctor.

It is reported in New York that Mrs. Alfred Gwynne Vanderbilt has separated from her husband. Domestic troubles it is said have kept them apart for a long time. Mrs. Vanderbilt before she married was Elsie French.

Without debate the New York Assembly today passed unanimously the committee on railroads bill providing that not more than a five-cent fare shall be charged between New York and Coney Island without the consent of the Public Service Commission of the First district. The bill is a compromise of the Wagner bill providing for a flat five-cent fare.

When G. H. Russell, a prosperous farmer, living near Charlotte, N. C., opened his front door yesterday morning a coffin, that had been leaning against the door, fell inside. Nailed to the coffin was a note, signed "Black Hand," and demanding money. Russell's young wife was thrown into hysterics, and a physician had to be called to administer restoratives. Two young men, members of good families, are under surveillance and their arrest is expected.

Governor Gooding of Idaho, has received official notice from Judge Freeman Word of the sentence of Harry Orchard, the self-confessed murderer of ex-Governor Steunenberg, and recommended the remission of the death penalty. The procedure was required by law. The remission of the death sentence was in conformity with common law which implies a promise of merciful consideration to a defendant who testifies fully and fairly against a co-defendant. On these grounds "the man of many murders" escapes the death penalty for his confessed crimes.

Sixtieth Congress.

Washington, Mar. 25. SENATE.

The President's special message outlining his legislative programme was laid before the Senate immediately after routine morning business closed. Copies were furnished Senators, according to the usual custom.

The reading of the message was closely followed and given more than ordinary attention. It did not seem to arouse the same degree of criticism and resentment occasioned by the President's communication of January 31. It was considered conservative and not so much of a scolding character.

The following bills were introduced: By Mr. Teller, bill amending act to regulate commerce.

By Mr. Foraker, bill to legalize agreements not in restraint of trade.

By Mr. Foraker, bill for the protection of persons furnishing material for public works.

By Mr. Overman, amendment to Al drich bill, providing for monetary commission.

Senator Foraker introduced a bill declaring that nothing in the Elkins, Sherman, or Dingley laws shall hereafter be construed or held to prohibit any contract, agreement or combination that is not in unreasonable restraint of trade or commerce.

The Aldrich financial bill was taken up this afternoon. Mr. Aldrich offered an amendment increasing the limit from 75 to 90 per cent of the per value of the securities which may be accepted as a basis for circulation. It was agreed to.

The amendment eliminating railroad bonds from the bill was accepted.

The amendment limiting the retirement of circulating notes to \$9,000,000 in any one month was accepted.

Mr. Lodge offered an amendment accepting Porto Rican bonds for circulation. It was accepted.

Mr. Lodge offered another amendment accepting bonds of the Philippine government and the city of Manila.

Mr. Teller objected. He said it is unknown what the relation will be between the United States and these islands in the near future and no control could be exercised regarding them.

No action was taken on the amendment. It was referred to the finance committee, which will have a meeting tomorrow and consider it.

Mr. Nelson offered an amendment for the payment of interest on government deposits at a rate to be fixed by the Secretary of the Treasury not less than one half per cent a year. The amendment went to the committee.

HOUSE.

With grim determination to push along legislation, despite the minority filibuster, because of the failure of the republicans to report certain bills, and the aide show filibuster performance by Mr. Sulzer, Speaker Cannon was championing the bit when the House met today.

Mr. Scott in charge of the agricultural appropriation bill, asked unanimous consent to devote five more hours to general debate on his bill, so as to give democrats particularly a chance to be heard.

Mr. Sulzer objected.

Then Mr. Scott had the House pass a motion giving only four hours to debate.

Mr. Sulzer wanted to be heard on this motion, but the Speaker never heard the least murmur from Mr. Sulzer until the motion had carried.

"I rise to make a parliamentary inquiry," said Mr. Sulzer.

"There's no question before the House, and no nothing to inquire about," declared the Speaker, between the resounding bangs of the gavel!

A second later, the Speaker ascertained that a motion to go into committee of the whole had been pending and he apologized to Mr. Sulzer, who shrugged his shoulders, and strutted across the aisle.

"I may say the Chair will apologize, when in error, as soon to the gentleman from New York as to any other member."

"I'm glad to hear it," said Mr. Sulzer. Mr. Sulzer made the House go through an hour of red tape to get the legislative appropriation bill into conference, a thing generally accomplished in one minute. He sat for a long time in the front row to see that the reading clerks did not skip a line in reading that big, dry bill.

The President's message received the closest attention in the House when being read. The democrats broke forth in applause when the reference to a change in the tariff was reached.

Senator Penrose's Condition. Philadelphia, Mar. 25.—It is stated from the Penrose home that the condition of Senator Penrose continues very grave and that the doctors, who are in constant attendance at his bedside, believe that the crisis will be reached today.

APPEAL TO THE PRESIDENT.

Failure of the State authorities to run down perpetrators of outrages committed by night riders, culminated yesterday in Lexington, Ky., in a direct appeal to the President of the United States for federal interference in Kentucky. The appeal is in the form of a petition prepared by leading men of Lexington and central Kentucky, which is being put into circulation throughout the community. The petitioners are aware that the President can take no action unless the governor so requires, but they say it is their purpose by the means to bring the two executives together in the matter.

The Christian county grand jury yesterday afternoon returned indictments against Herman Richard Crenshaw, a prominent Trigg county farmer, and Mat Gholston, of that county, a half-breed Indian, charging them with being members of the night rider band that raided Hopkinsville last December, destroying property valued at \$300,000, wounding one man and whipping another and shooting up the town. Several other indictments for night rider offenses were also returned. Crenshaw is under bond and Gholston is in jail.

CONGRESSIONAL.

In the Senate yesterday the Benning anti-gambling bill was referred to the District committee.

Senator Aldrich gave notice that he would object to the consideration of any other business by the Senate until his currency bill is acted upon. Senator La Follette concluded his three-day speech in opposition to the bill.

Senator Gallinger introduced a resolution providing for an inspection of the District jail and workhouse, with a view to removing them to a new site.

Senator Smith introduced a bill proposing to complete the park around the filtration plant.

Senator Aldrich expressed the hope that the present Congress would create a commission to revise the banking system of the United States.

In the House consideration of the agricultural appropriation bill was taken up in committee of the whole.
